

SAVING AN IMAGE FROM ALMAGEST TO YOUR COMPUTER

Note: If using a Mac, use Firefox

- In Almagest, click on desired image to enlarge it.
- Click once on the image to show the **toolbar**.
- Click on the **printer icon** – a new window will open with the large image displayed.

- Right-click on the large image in the new window and choose **Save Image As...**
- Name the image and put it in the folder of your choice on your computer.
